SKILLS

`C` `PYTHON` `DATA STRUCTURE` `HTML` `CSS` `BOOTSTRAP` `PHP` `MYSQL` `SHELL SCRIPT`

EXPERIENCE & ACHIVEMENT

- Coding Trainer in a local institute since 1 year. There is CBSE and ICSE board student and I've teach them many of language and technologies which is also help me to improve myself.
- I'm Self-learner since from my Graduation. I learn lot of things from different types of website and YOUTUBE and different types of learning platform etc.

PROJECT

- **Object detection (Python, Opencv)**
  - Object detection is an advanced form of image classification where a neural network predicts objects in an image and points them out in the form of bounding boxes. Object detection thus refers to the detection and localization of objects in an image that belong to a predefined set of classes.

- **Blog Website (html, css, php)**
  - I've made this as my portfolio or cv and also this website has all public information about me regarding my education, knowledge etc.
